

# 4105

40 hp Compact Utility Tractor

# Quick and powerful at a compact price.

The affordable John Deere 4105 Compact Utility Tractor is built for hard work without the hassle, especially when it comes to loading, mowing, grading, backhoe work and many other job site and property care jobs.

It comes standard-equipped with a smooth hydrostatic transmission – no clutching or shifting. And the Twin Touch™ pedals give you effortless speed control, ideal for inexperienced operators.

Plus – the 4105 also offers you standard 4-wheel drive, power steering, and a Category 1 hitch compatible with dozens of implements. Take a closer look – and see how this rugged workhorse is the true definition of “more bang for your buck.”

Effortless power steering even during loader operation.

40.5 HP Yanmar Liquid-Cooled Diesel Engine. Efficient diesel engine that offer deep reserves of torque for handling tough loads.

Quik-Park™ H165 Loader can be attached and detached in less than three minutes with no tools.

*The H165 Loader paired with a Frontier 4-in-1 Bucket makes moving loose material fast and easy.*

*An optional canopy is available to make tractor work more comfortable during the elements.*

(LVB25334)

Roll Over Protective Structure (ROPS) certified to ASAE standards.

Adjustable seat moves both fore and aft, and also flips forward for protection from the elements.

Optional cruise control provides effortless control while reducing operator fatigue and increasing productivity.

Grab handles are located on both rear fenders to make it easier for you to get on and off the tractor. A cup holder is located on the right rear fender for convenience.

Four-wheel drive and differential lock dig in during loader work or traveling over challenging ground.

Optional iMatch™ Quick Hitch makes lining up and attaching rear implements a snap.

A left-side step allows for easy access on and off the tractor. The foot platform has a non-skid surface for sure footing.
